## GREAT VoIP PAYMENT METHODS SOLUTIONS

ABC VoIP is a global provider of VoIP managed services and solutions. It is a Canada-based company and has recently announced a whole new arena of safe VOIP services payment methods for its customers. By using the ABC VoIP you can enter a world of high quality calling over the Internet and that is without any sort of hidden fee or cost.

There are secure and easy to use payment methods when you want to load money to your account:

- PayPal
- Moneybookers
- WebMoney
- Collective POS
- Pay by Cash
- Virtual Merchant

**PayPal** – method is safe, because in order to proceed with the payment process, you need to confirm your identity by entering the confirmation code, sent to your phone via SMS. Also there is additional email verification. PayPal lets you send payments quickly and securely online using a credit card or bank account. If you don't have a PayPal account then you can use other payment option Virtual Merchant, using your credit card.

**Virtual Merchant** – provides significant benefits. Collective Point of Sale Solutions offers a complete line of merchant Services, Visa, MasterCard, credit card transaction processing and POS terminals.

**Moneybookers** – online fund transfer service. Moneybookers requires identity verification before using their service and allows customers to send, receive and hold funds worldwide. Additional verification steps raise the maximum amount transferable and ensure the

**WebMoney** – it is a multifunctional payment system and comprehensive tool which provides secure and immediate transactions for online business activities. WebMoney Transfer guarantees valid data for each registered Merchant. All transactions in the System are immediate and nonrefundable. WebMoney

provides you with various tools free of charge to assist in performing operations and transactions within the System.

**Collective Point of Sale Solutions POS** – offers a complete line of merchant services, Visa, MasterCard and merchant accounts, debit and credit card transaction processing and POS terminals. Also it secures point of sales solutions debit and credit transaction processing. POS carries only the highest quality POS hardware with a proven track record for security and reliability.

**Pay By Cash** – is the payment method in order to accept your payments and transfer them to your account on ABC VoIP.

All payment options give you 100% protection from unauthorized payments and help to minimize fraud and prevent money laundering. We are interested to use the payment types which can save you money and are delighted to provide cost-effective service that works hard for our customers' needs.
